Board of Administration

The State Educational Institutions of Kansas are controlled by the State Board of Administration. The present members of the board are:

Henry J. Allen, Governor, Chairman.	Topeka
E. L. Barrier.....	Eureka
H. J. Penney.....	Hays
E. N. Underwood.....	Atchison

The State Board of Administration has shown a great interest in the progress of the Fort Hays Kansas Normal School and has been generous in its faith and belief in the aims and purposes of this school of Western Kansas. To this board as a body and to the members individually Western Kansas owes a deep debt of gratitude for their efforts in behalf of the school and for the splendid support they have given our institution.

Athletics

GEORGE J. WOODWARD.

Coach and Director of Athletics.

A champion team in the second year of "Rook" Woodward's coaching experience with us argues well for his ability.

"Rook" holds a fine record as an athlete and coach. He played three years on the Lawrence High School ever victorious team. He entered the University of Kansas and was elected captain of the Freshman Squad. While at K. U. he made a wonderful record for himself playing on the team in 1916 which defeated Nebraska. This was the first time Nebraska had been beaten by Kansas since Tommy Johnson defeated them in 1909.

"Rook" was a volunteer during the World War and while in service he coached and played on the 35th Division team. After his return he coached the Lawrence High School for two years, turning out two championship teams.

WILLIAM D. WEIDLEIN.

Line Coach.

"Bill" Weidlein came to Hays Normal about two weeks after school started to see that we had plenty of light and heat for the winter. "Rook" Woodward, knowing of his ability as a line coach, had him out coaching in a short time.

"Bill" is probably the best line coach in the state. He played with K. U. in '11, '12, and '13, being captain in '13. He was chosen on the Missouri Valley team in '13. The year after he graduated he coached the Freshmen and then went to Midland College where he coached one year.

Top row: Coach Woodward; Reed, Lorbeer, Ringe, Schneider, Lewis, Appl, Weidlein (Line Coach).
Middle row: McLean, Riley, Rardin, Byrd, Cowan, Opdycke, Spencer, Albert, Shade, Crissman.
Bottom row: Flinn, Hampton, Conger, Wilson, Gross, Hood, Scheuler, Meade.

CAPTAIN CLAIR J. WILSON.....Tackle

Dady played his fourth and last year of football with the Tigers this year. He was a member of the 1917 Championship team and captained the victorious team this year. He was forced to be on the sidelines a greater part of the season due to injuries, but the hard games when he was needed found him giving his best. He will be sorely missed next year.

ROBERT SPENCER.....*Tackle*

"Red" hails from Penokee and has now played his four years of football. He was a member of the 1917 Champions. "Red" has the reputation of making them fight when he is in the game.

PAUL GROSS.....*Quarter-back*

"Busch" is a Hays man who has played four years with the Hays Highs and four years with F. H. N. He had the honor of being on the 1917 Championship Team and of being selected quarter-back on the second all-state team.

No REVEILLE

Red takes his man.

"Busch"

"Buddies."

King of the movies.

First down after kickoff.

Bethany loses 5 Yards.

ELMER H. RINGE.....*Center*

"Wop" is another Hays product. He has played three years and makes the boys fear him up and down the line. He plays a fast, steady and never quitting game.

ERNEST ALBERT.....*Half-back*
CAPTAIN-ELECT

"Pete" is a Hays boy and has played three years. Pete was chosen half-back on the second all-state team. He was responsible for turning defeat into victory many times this season. He plays a steady game and knows what play to use. He will lead the team next year.

— No REVEILLE —

Albert scores - South Western.

Tiny Ringe.

Sprinting Albert.

Fourth Down - Bethany.

FLORIS SHADE.....*Fullback*

"Shady" returned this year for his second football "K." Shade has the honor of playing every minute of every game, not calling time out once during the season. He is one of the strongest candidates for next year.

ABRAHAM SCHNEIDER,
Guard and Center

"Abe" is from Webster and returned this year for his second football "K." He made the space within his reach very discouraging for anyone to try to pass. We expect big things from "Abe" next year.

"Uppie" comes from Russell, is 5 ft. 5 in. and weighs 150 pounds, wringing wet, but he certainly has what it takes to play football. He won his second "K" this year and says he will win two more of them.

ELMO MEADE.....*Half-back*

"Si" earned his second football "K" this year. He is a fast man and always good for a few yards when they are most needed. Hard work and "the old fight" make up for his lack of weight.

Byrd played here in the S. A. T. C., returning this year and making third all-conference team. He played a hard game and never failed to down his man. He hails from Osborne and will be back next year.

ADELBERT COWAN.....Guard

"Kelly" is a Hays boy and developed into a powerful guard this year. He was able to hold his position and make that spot impassable. Kelly still has two more years of football.

WILBUR RILEY.....*End*

"Jack" is one of the finds of the year. He is a fast man, going down under punts. He is a demon at spiking. He has three more years with us. Riley is from Scott City.

JOE HOOD.....*Tackle.*

Joe was always there and ready to give all he had in him.

FRED APPL was a powerful guard, but had an injured shoulder which handicapped him a great deal. He has another year to perform on the football gridiron.

LAWRENCE SCHEULER.....*Halfback.*

Scheuler came in eight weeks late and developed into a mighty good back field man.

THE REVEILLE

EARL REED.....*Half-back.*

Reed is a fast man and worried the first string men about their positions.

CHARLES CRISSMAN was always ready to fill in and take what was coming and he never lost his smile.

HARMON FLINN—"Banty" played well in the second team games. He has just started and so in the future we can expect even more from him.

JOHN McLEAN.....*Tackle.*

"Mac" played his first football this year and at the end of the season was making the first string tackles work for their positions.

CHARLES C. LEWIS—"Cutchie" was out on account of injuries the greater part of the season. Otherwise, he would have made a letter.

RALPH CONGER—Conger played in a few of the games and made a good showing. He has wonderful possibilities.

A Review of the Season

OUR season of 1921 bore out the prophecy that was made at the close of the 1920 season,—a prophecy that it would again be our turn to wear the gold footballs. This prophecy was fulfilled in spite of the fact that we lost some of our best men in Cave, Bunny Gross, Ordway, and McVey.

Our plans for the year's work were started early and as a result were completed in time to start the conference schedule in good shape. Cowan and Byrd, guards, and Riley at end filled up to a large extent the breaks created by the loss of our former stars.

Our trip to Denver for a pre-season game found us playing six inexperienced men on our regular team, and although we met defeat in the last two minutes of play we found that we had a team which was going to cause someone trouble. Two weeks later McPherson came to Hays for our first conference game and 32—0 tells the story. Our next game found us with a much crippled team carrying the battle to Wesleyan's field at Salina. We won, using almost all of our second team. The next week St. Mary's for the first time brought its football team to do battle with us on Hays soil. We were unable to hit our stride due to injuries and substitutions until the last five minutes of play when we scored two touchdowns sending them to defeat, 14—7. Bethany followed the next week with a veteran team which we defeated 7—0, although the score did not indicate the superiority of play.

On Armistice Day the football fans of Western Kansas were treated to one of the greatest exhibitions of college sport ever played in this part of the country. Both of the teams were in perfect condition. It was in this game that our wonderful possibilities were realized. Southwestern scored first and again our boys' dogged, never-faltering offense led by Albert and Gross turned defeat into victory.

We now stood the only undefeated team in the conference with only the Sterling hurdle in front of us. This we leaped on Thanksgiving Day by the small score of 7—0. The small score was due probably in a large part to overconfidence on the part of our team as well as to the dogged determination to win at any cost which was prominent in the spirit of the Sterling team. This game closed one of the best seasons ever played by a Hays Normal team, and left us sitting on the top step of the conference ladder.

The Tigers won their 11th game of the season on Thanksgiving day at Sterling. It was a battle all the time, but the game was won by the Tigers.

The game with Northwestern on Armistice Day, will go down in the history of Tiger football as one of the most thrilling ever played on the gridiron. Northwestern was down early in the game, but made it in the third quarter.

The Sterling team gave no indication of fighting spirit, and again made their regular down through the center of the line, but always found it a stone wall.

S. W. LOSES TO HAYS

BY DEFEATING SOUTHWESTERN TIGERS RETAIN CONFERENCE LEAD

The Port Hays Kansas Normal School Tigers, by defeating Southwestern College by a score of 14 to 7, on Armistice day, still maintain their standing at the top of the Kansas Conference with a record of 1000 per cent.

One game remains to be played on the Tiger Schedule—the game with Sterling College on Thanksgiving Day. This game will be played at Sterling.

The game with Southwestern on Armistice Day, will go down in the history of Tiger football as one of the most thrilling ever played on the home gridiron. Southwestern made a touchdown early in the first quarter and made it in most impressive fashion.

With a touchdown scoring them in the face and a few minutes to win things over the Tigers began to solve Southwestern's plays, and the long and run which brought the Southwestern touchdowns were soon effectively stopped.

In the second quarter, a long aerial punt by St. Mary's placed the Tigers in a position to begin to show their mettle and a touchdown soon resulted. In the third quarter another touchdown came without much apparent trouble and the rout began to breathe easily. It seemed as though the game was safely packed away.

But in the fourth quarter Southwestern opened up a bewildering display of forward passing such as had not been seen on a Hays field in many a day. Pass after pass was successfully made. The crowd was on its feet and on its nerves end. The last five minutes of the game was a series of hair-breadth escapes. The Tigers, fighting with their backs to their goal line, fought desperately, and won.

One game, already mentioned, remains to be played. The winning of that game, will give the Port Hays Normal School Tigers the second conference title in five years. That last game yet remains to be won, however. The Tigers are laying no claim to final victory until the final whistle of that final game is blown.

But they are fighting for all they are worth. They have won their way to the top by sheer effort of the best sort. There are no outstanding stars on the team. They are all stars who are working and fighting together, and such a combination wins victories.

Punt By Quarterback On Ten-Yard Line Opens Way For Only Touchdown of Game.

Sterling, Kan., Nov. 24.—(Special.) The victory of Hays Normal over Sterling college, 6 to 0, here today gives Hays the unblemished championship in the Kansas conference.

Hays won on the defensive during the first half of the game. Sterling made the punts from the line almost all the time. The touchdowns came in the third quarter, when after a series of hard plays in which it took seven downs to make the line, four feet to the goal.

A punt by Bartholomew, followed by a long pass, turned the tide to victory for the Normal. The punt opened the way to a series of plays which resulted in a touchdown. The Normal school punts the ball across the line for the only touchdown of the game.

ALBERT RECEIVED PUNT WHICH HE CARRIED FIFTY-FIVE YARDS FOR A TOUCHDOWN

The Tigers won their second conference game as they won the Wesleyan game by a score of 18 to 0 at Salina, Friday, October 14.

By scoring playing and taking advantage of the mis-play of their opponents, the Normal Tigers gained an easy lead, which they increased by means of a bewildering aerial attack.

This second after Hays had scored off, McPherson attempted to punt, which was blocked by Orlan, the foot from the goal line. It was carried across by Gross on the next play. Gross kicked goal.

A few minutes later, McPherson missed one of Shady's punts, which Hays recovered. By means of the block of tackle, the Tigers made another touchdown, which Shady carried across.

In the first few minutes of the second quarter, by means of a consistent offensive and two well executed forward passes, the Tigers carried the ball across for a third touchdown. Albert carried the ball, but Gross failed to kick goal.

The third touchdown was the result of a long pass from Shady to Albert, who carried it across the line for a fourth touchdown.

The fourth touchdown was the result of a long pass from Shady to Albert, who carried it across the line for a fifth touchdown.

My Greatest Success. "Over, Over, Over! The case of Hays Normal vs. the Kansas conference, the first game of the season, is a record. It might have been, however, for the season present? In fact, it could be the standard. The case will be a record.

Hays Normal, as conference games, and the six representing the conference members, is presented as the 1924 champions of Kansas. There will be no official award by trophy. It seems clear that the conference members make out a problem for the western.

Wesleyan's schedule didn't interfere with the normal of the eastern half of the season. It was supposed to be in the first half of the season, but it was not.

Prospects for Next Season

OUR prospects for next fall are unusually promising. Five men are possibly all we shall lose out of a squad of thirty-five men, and we shall have a big choice of one and two year men ready to take their places.

At Center we shall have Schneider; Byrd and Cowan will be back for guard positions as well as some of the new men who did not play regularly this year. Appl, Lorbeer and Opdycke will make the place of tackle interesting. Riley and Rardin will take care of the two ends. In the back field we shall have Shade and Albert.

There are a number of other men who were out this year who will be back showing all they have and battling for a football "K."

THE 1922 BASKETBALL SQUAD

Review of the Season

The basketball season opened with about twenty men out in suit, only three of them being letter men. The team was lacking in that one thing which either makes or mars a great basketball year,—seasoned players.

The Tigers played their first games at Salina and McPherson. The games were lost by a few points, one of them being a tie which was played off in an extra five minute period. Six home games were played with Washburn, Salina, Baker and McPherson. The Tigers won two hard-fought games from Salina. Two weeks later the team took a trip, playing St. Mary's, Ottawa, Baker, and Haskell. We won from St. Mary's for the first time in three years.

Our team was handicapped in size but lived up to its fighting reputation from start to finish.

PAUL GROSS.....Forward

"Busch" played his third year of basketball and was shifted from guard to forward. He is a fast man and is considered one of the best free throwers in the state. "Busch" will not be back next year.

WILBUR RILEY.....Guard

"Jack" earned his first "K" this year. He is fast and a hard worker and gave some of the opposing forwards a great deal of worry.

FRED APPL.....Guard

Appl showed well at guard and made some timely points in the games he got into. He is a good dribbler and a dependable player.

THE REVEILLE

ABRAHAM SCHNEIDER.....*Forward*

"Abe" is fast on the floor and a dead shot under the hoop. He should develop into a speedy player next year.

ELMER RINGE.....*Center*

"Wop" played his third season and won his "K" at center. His height and floor covering ability made him a good pivot. We will miss him next year, but we shall not forget the way he used to perform.

ERNEST LORBEER.....*Center*

"Dutch" is a good floor man and gives good promise for the next season. He will make some one hustle next year to keep him off the regular string.

LE ROY OPDYCKE.....Guard

"Uppie," although one of the smallest men is size, made up for that in action and could always be depended upon to do his part. He won his third "K" and will be back for his fourth next year.

LLOYD WILSON.....Forward

"Blue" is a clever man in handling the ball and has a good eye for the basket. He will be back for another "K."

LAWRENCE SCHEULER.....Forward

Scheuler won his first "K" this year. He is one of the fastest men in the conference and shows great possibilities.

Runners-up

On March 10th and 11th, the Fort Hays Kansas Normal School acted as host to some two hundred and fifty high school basketball players of Western Kansas who were competing for the Basketball Championship of this section and for the right to represent us in the State Tournament at Lawrence.

Extensive plans had been made to care for an even larger crowd than last year, but due to some twelve inches of snow the attendance as well as the number of teams competing was cut in half.

Lyons High School, possessing one of the largest teams ever seen in a tournament here, carried off first honor and with it two large silver loving cups, in a noticeably easy manner.

Quinter High School with a small but aggressive, fast-passing team, were the winners of second place.

Hunter, a dark horse in the tournament, and Scott City, runners-up in last year's tournament, finished in a tie for third place.

As has been said, the bad weather kept the crowd very small and yet after all expenses of the tournament had been paid, \$420.75 was divided among the competing teams according to their mileage from Hays.

The crowd was well handled and many comments have been received on the manner in which the tournament was conducted. This is an annual affair with the Normal and should become larger every year.

The Normal School is to be complimented on its splendid department of physical education for women. Under the direction of Flora May Ellis, classes are conducted in regular gymnasium work, swimming, aesthetic dancing, and playground work, as well as in all the games including basketball, field hockey, volley ball, and indoor baseball.

Possibly the most popular class is in aesthetic dancing. Technique, rhythm, and plastic exercises are emphasized and it is from these classes that the talent is drawn for the pageants and character dances that are such a notable part of the spring Music Festival.

The girls' interclass basketball tournament was held this year on February 23, 24, and 25. Teams were organized in each class with the following captains: Seniors, Clarissa McNay; Juniors, Ella Moe; Sophomores, Winnie Davis; Freshmen, Bessie Tillotson. The tournament was won by the Freshman Class.

Student Council and Student Assembly

TO THE Student Executive Council composed of representatives of each college and academy class, with President Lewis as ex-officio chairman, come all problems affecting the welfare and government of the student body.

The members of the Student Council must be qualified members of the classes which they represent. They are elected by a quorum of their class.

Executive Council Members 1921-22

Senior College.....	Olive Sunderland, Wilbur Pfenninger, David Chittenden
Junior College.....	Ernest Albert, Dewey Fink, Mary Hedges

The staff gratefully acknowledges the assistance and co-operation of the many who have taken active part in preparing this Reveille. It is impossible to give individual credit to all those who have been instrumental in giving the book whatever of success it may have, but the following well deserve mention.

To the following members of Mrs. Roberts' art classes is the credit for designing the color sheets: Jessie Dobson, Edna Tuttle, Ruth Fults, Ora Eavey, Hattie Weigel, Althea Sims, Harriet Pfenninger and Nellie Sites. Mr. Wooster has contributed of his time and patience in furnishing a large number of our group pictures and snap shots. The Boys Glee Club and the F. H. N. Quartette have helped to finance the book.

The managers and staff have worked hard to put this Reveille out on time. It is their hope that it in some measure meets the expectations of the student body and that they will enjoy it.

Oratory, Debate, Extempore Speaking

THE preliminary contests in oratory and extempore speaking were held this year on February 16. The contest for places on the debate team was held February 17.

Charles Taylor won first place in the oratorical contest. Cecil McKee and William Flynn won places on the first team and Vesta Mort and Marie Reed were chosen to represent the school on the second team. James O'Brien received fourth place above Miss Reed but was barred out because experienced debaters were ruled off the second team.

Our orator and our first debate team lost to Pittsburg in a hotly fought contest on the evening of March 15 at Pittsburg. The subject of Charles Taylor's oration was "The New America." The question for debate was, "Resolved, That the principle of the closed shop is justifiable." Our team spoke on the negative side.

The preliminary contest in extempore speaking was won by William Flynn. As no other school in Kansas enters a contestant for the extempore speaking, he represents the state at the interstate contest at Malcomb, Illinois. The general subject for extempore speaking is "The Place of Organized Labor in America Today."

F. H. N. Debating Society

THE Normal Debating Society was organized during the fall term for the purpose of promoting the debating activities of the school. William Flynn was chosen as the first president and proved himself very efficient in that capacity. It is the plan of the society to become a permanent organization to promote better debating and oratory in the school.

Many good debates have been held during the school year. Subjects have not been confined to any particular field, but have represented many and various questions. The first debate was held in Assembly, Cecil McKee and Vesta Mort debating Lindsey Clark and May Abel, on the question of "The Large School vs. The Small." Other questions discussed have been the problems of sororities and fraternities, the immigration question, the disarmament conference, and various phases of the labor problem.

The society created much more interest in the annual try-out than has been shown for several years. The following nine people took part in the contest for places on the debate teams: Cecil McKee, William Flynn, James O'Brien, Edgar Reed, Joe Callahan, Lindsey Clark, Oliver Arnold, Marie Reed, and Vesta Mort. This contest was very close and showed much work had been done in preparation. Four members of the Debating Society took part in the oratorical contest: Oliver Arnold, Edgar Reed, Erwin Donnell, and Charles Taylor.

Many of the members have already expressed their intentions of entering the contests next year. A few are reading on subjects now. All things are favorable for a very good future for the society with added interest in its activities.

The "K" Club

THE "K" Club is the working organization of the Athletic Department of the Fort Hays Kansas Normal School. Its membership is limited to those men who have won at least one "K" in one of the major sports, and its active membership consists of the "K" men enrolled in the school.

The purpose of the "K" Club is to foster clean athletics and a spirit of good sportsmanship in the student body and among the schools of Western Kansas. It creates a spirit of good fellowship among all those engaging in school sports and helps to carry these ideals wherever a "K" man goes to take charge of athletics.

The "K" Club has done much toward the making of the annual High School Basketball Tournament a success. All arrangements for the tournament are in the hands of the club and they take the responsibility of securing all accommodations for the visiting teams.

This year saw the second championship football team in the history of the "K" Club. Three of this year's active members, "Dady" Wilson, "Red" Spencer, and "Busch" Gross, have been members of the two teams.

Following is the list of active members with the number of K's they have earned in each sport:

Robert Spencer, Football 4, Basketball 4; Clair Wilson, Football 4; Ernest Lorbeer, Football 1; Adelbert Cowan, Football 1; Floris Shade, Football 2; Wilbur Riley, Football 1, Basketball 1; David Chittenden, Basketball 3, Track 1; LeRoy Opdycke, Football 2, Basketball 3; Elmer Ringe, Football 3, Basketball 3; Lawrence Scheuler, Football 1; Lloyd Wilson, Basketball 1; Paul Gross, Football 4, Basketball 3; Ernest Albert, Football 3; Emerson Felts, Football 2, Baseball 2; Ted Rardin, Football 1; Herbert Hampton, Football 2; Elmo Meade, Football 2; John Byrd, Football 1; Dewey Fink, Football 2; Edwin Fink, Football 1, Basketball 1; Fred Appl, Track 1.

The Girls' Athletic Association

THE girls of Fort Hays Kansas Normal School have taken a special interest in athletics this year. As a result a Girls Athletic Association has been organized under the supervision of Miss Ellis. The charter members consist of girls who were on one or more of the school teams during the year of 1920-21. Faithful tryout for any point-giving activity for each semester is necessary for retention of membership in the association.

A carefully worked out point list has been formed upon which all awards of honor are based. A hundred points earned under the rules governing the organization must be presented by any candidate for membership. The point list which follows covers practically every phase of girls' athletics and opens membership to a large number of girls.

HENRY VAN DYKES

FOUR RULES FOR A GOOD SPORTSMAN

1. When you play a game, always wish and try to win; otherwise your opponent will have no fun; but never wish for victory so much that you cannot be happy without it.
2. Seek to win only by fair and lawful means (according to the rules of the game) and this will leave you without bitterness toward your opponent or shame before others.
3. Take pleasure in the game even though you do not obtain a victory. For the purpose of a game is not merely to win but to find joy and strength in playing.
4. If you obtain the victory which you have desired, think more of your good fortune than of your skill. This will make you grateful and ready to share with others the honor bestowed upon you and truly this is both reasonable and profitable for it is but little that most of us would win in this world if our fortunes were not better than our deserts.

THE Normal Y. M. C. A. has been one of the livest organizations on the campus this year. The following men composed the list of officers and cabinet members who, in the main, have been responsible for the activities of the organization:

Officers

Clarence W. Rogers, President
Wilbur Pfenninger, Vice-President
Fred E. Jepson, Secretary
John P. Scheurman, Treasurer

Committee Chairmen

Elgie Fireovid, Religious Activities
David Chittenden, Social
Elmer Ringe, Membership
Carl Knowles, Finance
Sam Long, Boat Committee

The regular meetings are held every Thursday morning from 9:35 to 10:20. After devotional exercises and singing, some selected speaker, either from among the students, or the faculty men, or some man outside the school who is especially qualified in some phase of religious or industrial life gives a short talk.

The Y. M. C. A. has been a booster for "All-School Mixers." The purpose of the mixer is to get all the young men and women and the faculty members together in an informal social way. Besides helping to form a large acquaintanceship among the young people of the school, it helps to develop that fine school spirit so intrinsically valuable in a small college.

— No REVEILLE —

Last Thanksgiving the Y. M. C. A. initiated a "Why Go to College" campaign and worked out an outline of reasons why young men and women of Western Kansas should come to the Fort Hays Kansas Normal School. The Y. W. C. A. also contributed to this movement. In April a group of four Y. M. C. A. men made a week's visiting tour to various high schools in Western Kansas to explain to the high school seniors the advantages offered them at their State College.

Every year the Y. M. C. A. sends some of its members to the large State and Inter-State Conventions. The present Y. M. C. A. gave the cabinet members for next year a special treat by paying the railroad and registration expenses of their nine cabinet men to the big Wichita Y. M. C. A. Convention held on January 31 and February 1, 1922. John R. Mott, the International Y. M. C. A. Secretary was the principal speaker and all who heard him considered it the opportunity of a lifetime.

Each summer, several Y. M. C. A. men are sent to Estes Park, Colorado, to attend the big interstate convention which usually lasts about a week. This is a most wonderful experience and it always produces a marked effect on every man who takes advantage of the opportunity.

The Y. M. C. A. owes special thanks to Dean Floyd B. Lee, the organization's faculty advisor, who has attended all the meetings and taken an active part in initiating and carrying out all the activities of the organization. Dr. Charles F. Wiest is another faculty man who has taken an active leadership in the devotional and regular exercises and to whom the organization is greatly indebted.

Y. W. C. A.—the organization which helps a girl to understand what it means to put first things first. By its aid, she can become studious, sociable, and righteous, an all around college girl. The organization is a nucleus from which an influence for good is extended to every girl at F. H. N.

The Woman's Building is used as the home of the Y. W. C. A. Here the girls meet every Thursday morning during the assembly hour and different phases of woman's work, both in the spiritual world and in the home are discussed.

The social affairs of the Y. W. C. A. have been frequent and of interest to the entire school. One of the most interesting was an elaborate mock wedding held early in the year. Their Hallowe'en Carnival and a Japanese entertainment were also decided successes. The Y. W. C. A. girls act as hostesses at social teas in the Woman's Building from time to time and help to promote general friendliness and more intimate acquaintance among the girls of the school.

In the past year, one delegate was sent to the Y. M. and Y. W. convention at Hutchinson.

Y. W. C. A. Sextette

The Y. W. C. A. Sextette was organized in 1920 and has done some excellent work within the past two years.

The sextette has been a very active organization on the campus, having taken part in assembly programs, student recitals and special musical programs. They are to appear on the Music Festival Program.

Concerts were given at Rozel, Lewis, Hoxie, Penockee, Morland and Monument, all of which were great successes. All the members will remain for summer school and plans are being made for concerts during that time.

Much credit is due to Mr. Malloy who directed the sextette during this year and also to Miss Pierson who has been the accompanist and assistant director.

Tau Mu

From time to time in the history of the institution there have been organizations known as Dramatic Clubs.

The Tau Mu was organized late in January of this year by a group of students interested in a club of this nature. When they met, it was only with the purpose of organizing another temporary club; but as the work outlined itself, it became more evident that a more permanent organization was possible. For that reason much time has been given to perfecting the organization.

The club offers opportunity for amateur theatricals and opens the opportunity to students who may for some reason not be able to enroll in the regular school Dramatic Classes.

The Commercial Club

The Commercial Club is one of the leading organizations of the institution. Throughout the school year it has maintained the reputation of being the liveliest activity of the school.

The purpose of the organization is to develop business ability and community leadership. Its members are given training in extemporaneous speaking, debating, organization and manipulation of public assemblies, and in general parliamentary training. The members are also given the opportunity of listening to some of the most prominent men of the business world.

While the organization is of a serious nature, pep and fun, without frivolity, find their way into almost every meeting. While there have been very few socials given during the year, those that have been given have been of a very enviable nature.

The Campfire Girls

The members of the F. H. N. Camp Fire are training to be Campfire Guardians. The F. H. N. Camp Fire was organized at the beginning of the second semester, 1921. In the year which followed, it has become one of the strongest organizations on the campus. The organization has doubled its membership. It financed a week-end camping trip last spring and is earning money for another one this spring. The members have taken numerous hikes and overnight camping trips. Meetings are held once a week at the Woman's Building or at some residence.

The first Camp Fire was officially recognized March 17, 1912. It had its beginning in the summer camp of Dr. and Mrs. Luther H. Gulick. The name of their camp was accepted as the watchword of the organization. It is "Wohelo," and is formed from the first two letters of the words, Work, Health, and Love.

Smith Hughes Vocational Agriculture

1917 marks the beginning of vocational agriculture. Since then there has been a great demand for teachers of vocational agriculture. The salaries paid to teachers of agriculture are better than in most other subjects. A great field of opportunities for community leadership is opened with the introduction of vocational agriculture. Since 1917, students selecting agriculture for their majors have gradually increased.

Boy Scout Training

The realization of the need of trained scout masters in communities everywhere has led to the organization of a scout master training group. Mr. Wooster, who is much interested in this work directs and meets with the boys regularly once a week. Hiking and camping trips are occasionally made and each individual experiences and realizes the problems of scouting. This activity lasts thru the semester and it is the plan to get enough of a start on the principles of scout work and activities that those who take the activity will have at least a basis on which to work in the formation and handling of scout troops. The opportunities for community leadership are almost unlimited.

The boys taking Scouting as an activity are: Chester Maxwell, John Sites, Ivan Townsdin, E. C. Landis, Sam Long, Wilbur Pfenninger, Lyle Davis.

The Rifle Club

The Fort Hays Normal Rifle Club was reorganized in February of this year after having been discontinued for a number of years.

It was organized for those who enjoy shooting and who wish to take this opportunity to improve their marksmanship. Weekly shooting matches are held in which any member may participate.

The club is affiliated with the National Rifle Association and all who qualify may take part in the State and National Tournaments which are held under the auspices of the War Department. Any student or faculty member is eligible to join the club, although faculty members may not compete for the N. R. A. medal or qualifications.

 Miss Elizabeth J. Agnew, Post Chaplain

The Fort Hays Kansas Normal Post of the American Legion was established at the Fort Hays Kansas Normal School in the fall of 1919. There was a difference of opinion at the beginning as to whether or not it would be consistent with the principles of true democracy, the pride and spirit of the national organization, to maintain two posts in a small city, one for college students and the other for citizens of the community, in general. However, this difficulty was overcome by the realization that a Legion Post finds its basis on a civic or institutional centralization; that it is, therefore, only a part of the national unit and that the foundation of such a post is compatible with the constitution and principles of the American Legion.

The membership of the Fort Hays Kansas Normal Post has a fair quota of actual war heroes; others who did not get under war fire served severally with good rank and ability in the various branches of the Army, Navy, and Marine Corps.

The activities of the organization include social entertainments, basketball, baseball, and an annual home-coming celebration in honor of alumni and former students who maintain their membership in the Fort Hays Normal Post.

F. H. N. American Legion Auxiliary

The young women of the Fort Hays Kansas Normal School after observing for three years the activities of the F. H. N. American Legion Post decided they would like to have a part in upholding the ideal of Patriotism and Americanization, for which more than a score of our former students made the supreme sacrifice.

In January, 1922, under the direction of Miss Elizabeth Agnew, Chaplain of the F. H. N. Post, the first steps were taken to organize an auxiliary. The preliminary steps consisted of several meetings of the girls and a joint meeting with the American Legion Post. The organization was completed under the leadership of Clarissa McNay, temporary chairman. The charter was secured and the following officers elected for the coming year:

Mrs. Walter B. Roberts, President
Maggielee Fink, Vice-President
Daisy Beeby, Secretary-Treasurer

The purpose of the Women's Auxiliary is:

To uphold and defend the constitution of the United States of America;
To maintain law and order;
To foster and perpetuate a one hundred per cent Americanism;
To preserve the memories and incidents of our association in the Great War;
To inculcate a sense of individual obligation to the community, state, and nation;
To combat the autocracy of both the classes and the masses;
To make right the master of might;
To promote peace and good will on earth;
To safeguard and transmit to posterity the principles of Justice, Freedom and Democracy; to participate in and contribute to the accomplishment of the aims and purposes of the American Legion; to consecrate and sanctify our association by devotion to mutual helpfulness.

The Festival Chorus

The Music Festival Chorus of 578 voices is composed of members of the student body of the Fort Hays Kansas Normal School, of faculty members and citizens of Hays drawn together on the basis of a common desire to enjoy the spirit of music and co-operating to share their enjoyment with all of Western Kansas. For years Professor Henry Edward Malloy has labored to produce this Chorus and today it stands as one of the great community enterprises of the United States and is a fitting tribute to the energies of its leader.

Music News says of the Chorus: "Some there are who regard the Hays Festival as a rival of other and much older festivals in the West, but this number is more than equaled by another group, which realizes that Hays has now surpassed the best of them."

The chorus is supported by an oratorio orchestra composed largely of students, faculty members and citizens of Hays. Each year the oratorio quartette is selected with great care from among the most prominent oratorio soloists in the country.

MME. SCHUMANN-HEINK
World's Greatest Contralto

"Mme. Ernestine Schumann-Heink Contralto, gave her recital on Sunday afternoon, May 7th. Few artists, native of foreign, have ever grown into closer touch with American audiences and American institutions than this remarkable contralto. There is but one Schumann-Heink and the glory of her art can never be put into words. The world knows her and marvels at her; thousands upon thousands worship her; all hearts are gladdened by her presence and warmed by the infinite love that radiates from her generous spirit. Music Festival Week has brought a treat to Western Kansas that few will forget."

"In the qualities which give to art its most endearing expression, Raoul Vidas holds high rank among the famous violinists of today. Creative ability, a rare faculty of interpretation and a wealth of poetic enthusiasm are crowned and controlled by a mastery and technique and maturity of judgment that give him a unique place among the younger violinists. Tho born in Roumania, Vidas, the artist, is a product of France. As a type of her training and culture, as an exponent of her exalted artistic ideals, his playing was a vital inspiring message from our sister republic."

The quartette has appeared in many programs throughout the year and could always be depended upon to help out when some organization found themselves without a complete program. All of the girls are widely talented and the programs that the quartette rendered were varied and pleasing. The members were carefully chosen by Mrs. Malloy and all of the voices harmonize beautifully.

The quartette left March the 21st on a week's trip extending through the northern and eastern parts of the state. They gave successful entertainments in Plainville, Webster, Downs, Ionia, Vermillion and Dorrance.

The Glee Club was organized last year under the leadership of Henry Edward Malloy. It is a permanent organization and new members are voted in by a committee appointed for that purpose.

More than half the members of the club this year were members last year. With "Red" Spencer as President and "Dady" Wilson as Business Manager it is a live organization.

The second annual trip of the Glee Club was made in March. The towns at which the concerts were given were as follows: Rozel, Spearville, Dodge City, Cimarron, Holcomb, Garden City, Scott City, Dighton, Ness City and LaCrosse. Upon their return a concert was given for the benefit of the 1922 Reveille. They have won much popularity as entertainers.

Within the organization of the Glee Club is the Boys Quartette composed of Frank Evans, First Tenor; Don Williams, Second Tenor; Edmund Brungardt, First Bass, and Clair Wilson, Second Bass. The Quartette needs no mentioning other than the fact that it has the reputation of being encored from six to eight times during every performance.

Telegraph Department

The new department of Telegraphy is under the direction of Professor V. C. Johnson who has had a great deal of practical experience with both railroad and commercial telegraphy.

The equipment now in use was installed at a total cost of over \$5,000.00. Three Union Pacific main line wires are cut into the office, and are used for practice in receiving and sending messages.

The small enrollment fee asked by the school is one of the many inducements offered by the school to prospective students in this department. The total fees for the school year are \$30.00. The smallest fee asked by any professional school is \$110.75 for the same course. The Normal absolutely guarantees to the student a position promising advancement.

Episode 1

Written and Directed by Dr. C. F. Wiest and Miss Flora Mae Ellis

THE STORY OF THE PLAINS

Synopsis

The earliest known explorers of the Kansas prairies were the Spaniards under Coronado. They merely passed through the country in their search for gold. The next exploring party in whom we have any interest is that of Lewis & Clark, who were led by the Indian woman guide, Sacajaweeah. The first settlers were the Indians who were followed by the Americans from the Eastern States, settlers from the British Isles and various foreign colonies. The construction of the Union Pacific Railroad was the cause of a great deal of excitement and many historical incidents in the early days in Kansas. Among the notables of that day was Buffalo Bill, who made Hays his headquarters for many years. The social activities of the Fort, with its coterie of officers and the amusement of the cowboys and soldiers of the period were very important incidents of the time.

THE STORY OF THE WESTERN KANSAS NORMAL.

Synopsis

Uncle Sam presents to the citizens of the prairies of Kansas a grant of 7,600 acres of land formerly the reservation of the old Fort Hays with the stipulation that this land must be used for the establishment of a normal school, an experiment station, and a public park. Education, Agriculture and Religion drive away Superstition, and Education presents Illiteracy with a book typifying Opportunity. Education sends forth a messenger to the homes of Western Kansas notifying them that the Normal School has been established at Hays and asking them to send their boys and girls. The Normal School opens with two teachers. Students are registered and the first session of the school is held. The enrollment is thirty-four. The first graduating class of three is granted diplomas by the president.

The new departments of the school in the order in which they were established are represented by squares or blocks upon which the name of the department is printed. The entire structure when completed represents the Fort Hays Kansas Normal School.

The Caste

Uncle Sam—James O'Brien. A Citizen of Kansas—Erwin Donnell. Education—W. A. Flynn. Agriculture—Jesse Long. Superstition—John Sites. Messenger—Homer Grout. A Teacher—C. H. Brooks. A Teacher—Ora Eavey.

Just That We'd Tell You—

That some professors are bald-headed on the inside, too.

College is a learned place. No wonder. Most persons bring some little learning here and few take any away. It ought to accumulate.

Herculean Labors—

To tell one Freshman from another one.

To make your watch keep time with the whistle.

"Sir," said the beggar plaintively, "The good Lord gave me a stomach."

"Well, what of that?" demanded the passer-by sourly.

"Wouldn't you like to round out his gift?"

Caution—Don't neglect the girls. Ed knows.

September

Sept. 6. Enrollment Day. Where in the world is J. P.?

Sept. 7. Enrollment continues. Freshmen numerous. A few familiar faces.

Sept. 8. Classes meet for the first time. Vesta Mort is still trying to find the class rooms.

Sept. 9. Cho Cho, the Health Clown, visits Hays. Advice to the love lorn: "Pickles may cure some things but they are pretty hard on some others."

All-School Mixer, "How do you do, glad to meet you."

Sept. 10. A number of lonesome students seek consolation in the movies.

Sept. 11. Several new faces in church. U. S. Mail crowded with letters to mother and dad.

Sept. 12. Lois McElhaney, "Oh, do you see that big dust storm coming? I am afraid of a cyclone."

Jimmie O'Brien (comfortingly): "Don't be alarmed little one, that's only the football boys practicing."

Sept. 13. The Kindergarten Kiddies are getting acquainted with their teachers.

Sept. 14. A watermelon patch discovered; also discoverers discovered.

Sept. 15. Welcome socials at all the churches, for students.

Sept. 17. Full moon. Night classes in campus-ology and human nature study. A move to put it on the standard activity list.

Sept. 18. A few old students have dates.

Sept. 19. Some late arrivals, as usual.

Fred Weaverling selected Editor of the Leader.

Prexy laid down some rules of the school for the benefit of the Freshmen. For some reason he failed to give this bunch permission to cry on his shoulder.

The Kindergarten Kiddies

I'm sure that there must be one.

An agent approaching a house, met a little boy at the gate, and asked:

"Is your mother at home?"

"Yes, sir," said the boy politely.

The agent after rapping several times without receiving an answer said to the youth—

"I thought you said your mother was at home."

"That may be, sir," said the boy.
"I don't live there."

Herculean Labors—

Getting a school holiday.

Getting up in time for breakfast at Miss Chadwick's and making a seven-forty-five class.

For Dady and Abe to practice a saxophone lesson.

HOW TO BE A COLLEGE STUDENT

Sept. 21. Spoonholder doomed at four o'clock today.

Sept. 22. The matrimonial bureau organized by Fred Weaverling and Carl Hodson. Cafeteria girls first to join.

Sept. 25. Goodie Garden party. Six bold lads entertain.

Sept. 26. Normal Band begins regular practice, Mr. Maynard, director.

Heard after the Senior-Freshman Breakfast: "I'm as hungry as the dickens." "Do we really have to wear these bibs all day?"

No one hurt in the class scraps, although Marie Reed and Lanning Rankin had to wash their faces.

Sept. 28. First Leader published.

Sept. 30. School closes at noon. Everybody goes to Golden Belt Fair.

October

Oct. 1. Denver U. wins game. A nose-breaker for Byrd.

That we could have a perfectly good faculty band if somebody would organize them. There are a goodly number who blow their own horns.

Cafeteria Romance

Whether years prove fat or lean,

This vow I here rehearse:

I take you, Dearest Margerine,

For butter or for worse.

One day a farmer drove into town and hitched his team to a telegraph post.

"Here!" yelled the policeman, "you can't hitch there."

"Why not?" shouted the farmer. "Why have you got that sign up for then,—'Fine for hitching'?"

Herculean Labors—

Feb. 10. Win from Wesleyan, 23-21.

Feb. 11. Do it again, 18-15.

All-School mixer for Wesleyan Team.

Feb. 13. Commercial Club Banquet at Goodie Garden.

Feb. 14. Faculty men enjoy Valentine Party given by Faculty Ladies' Club.

Feb. 16. Charles Taylor wins first place in oration tryout, and Wm. Flynn in Extempore Speaking.

Feb. 17. Debate Teams chosen. Cecil McKee and Wm. Flynn, First Team. Marie Reed and Vesta Mort, Second Team.

Feb. 22. Baker gets the big end of the score, 26-20.

Feb. 23. Girls' Basketball tournament begins. Freshman Class wins.

Feb. 26. Trust Ione! (Sunday afternoon)—Olive Sunderland: "Ione, if anyone calls for me tell them I am at the Reveille Office and very busy."

The telephone rings, Prof. Wooster on the line: "Is Miss Sunderland there?"

Ione: "No, she isn't, and she said to tell you that she couldn't go car riding this afternoon. She is too busy."

THE REVEILLE

Just That We'd Tell You—

You'd better beware of the girl your friend wants you to take a date with, for if she be as keen as he says, she will not be in need of getting dates from you.

Recipe for Flunks

Take a string of bluffs, stir in a lot of excuses and "Not excused's." add a few stalls, flavor well with moonshine caught on numerous evening strolls, then stuff with one night's cramming and serve hot at the end of the term.

"Oh, no," soliloquized Johnnie bitterly, "there ain't no favorites in this family. Oh, no! If I bite my finger-nails, I get a rap over the knuckles, but if baby eats his whole foot they think it's cute."

That Maynard is looking for a wife.

That you'll be flunked if you don't attend assembly.

That Miss Cave is going to Arkansas next year.

That Professor Lee reads his note books and grades his papers.

That Dean Agnew enjoys her own company.

That some of the girls received three letters a day from the same man while the glee club was out of town.

That the Leader is a student publication.

That the Student Council represents student sentiment.

That Parker bought his new suit in Hays.

That Bob Spencer missed dating two nights in succession (cause unknown).

That publishing the Reveille is a snap.

That Ed told his girl he didn't smoke.

That Lois Mc— was called home because of the illness of her mother.

That Brooks and Barnett are the youngest enrolled.

That Ila had a date while the glee club was gone.

Suggestions from the Faculty

A small amount of hair is sufficient if one is proficient in frizzing it.

If you think more of your Reveille than you do of your grades, go work on it.

Mrs. Roberts: Put in some racy stuff. That's what makes an annual good.

Mr. Rankin: I would have given you an "H" but I didn't know they were planning on giving so many.

Some Timely Truths

Influence is what you think you have until you try to use it.

Never count your chickens while your wife is around.

The rich man usually has a twin six, the poor man six twins.

A bow-legged girl may be healthy, but she's in bad shape.

Ernie: "Why, you're terribly slender; I can put my arm clear around you and meet myself coming back."

Lois: "Yes—that's what Denzil says."

A Close Second to the Shifters

A proud father of an F. H. N. Senior boy who belongs to all the lodges in Hays and several national organizations, found his son, David, wearing a secret society button the other day. It was a new one on Father Chittenden and the mysterious letters "C.K.H.D." all intertwined like a bunch of snakes at a wrestling match, interested him.

"What is it?" he asked the lad.

"Just another fool college society," apologized Sandy.

"But what do the letters stand for?" father insisted.

"Catch 'em, Kiss 'em, Hug 'em, Ditch 'em," said the modern youth.

Gosh! It's awful to be old, isn't it.

Mr. Wooster: "Describe a caterpillar."

Mr. Rankin: "What's the difference between ammonia and pneumonia?"

Kelly: "The one comes in bottles and the other in chests."

As a steamer was leaving the harbor of Athens, a passenger approached the captain, and pointing to the distant hills, inquired:

"What is that white stuff on the hills, Captain?"

"That is snow," replied the captain.

"Well," remarked the lady, "I thought so myself, but a gentleman has just told me that it was grease."

Mother: "Shame on you, Lois! The idea of letting a boy whom you've only known a week, kiss you. Why, when I was a girl, it was considered vulgar to let a boy even hold your hand until he's known you several months."

Lois: "And didn't you say once it used to take you two weeks to go from New York to Chicago?"

The Robber

"You had to hold me up to do it," said the sweet young thing after the big, tall man had stolen a kiss.

Elliptical Impressions

F. H. N. Specialties

(Hints to the girls as to the kind to cultivate)

The Sticky-Moufie Kiss

Jimmié says that when filled with recklessness, no kiss is quite so satisfying as the sticky-moufie kiss. It is easily cultivated and produces an unexpected thrill.

The Soul Kiss

Bob likes one that had a meaning all of its own. When asked why he made a specialty of this particular kind, his answer was that a soul kiss lasts longer.

The Dream of Love Kiss

Keesling finds this type most satisfying on a moonlight night when your thoughts are mere dream ideas. Under such conditions the dream kiss only accentuates the blissful moments.

The Elusive Kiss

Sandy likes the elusive ones for they make him feel that he has more coming to him. They give him an incentive for going back again. You know a fellow likes to have something to work for.

The Concentrated Kiss

Punk says they are the only kind to specialize in as one lasts a long time and he is too busy to be bothered getting them so often.

The Dare Devil Kiss

Tennant is strong for the "Dare-Devil" Kiss, and the "Wild Wimmen." You know, girls, you can't always tell by a fellow's looks whether he is mild or not.

The Kuddly Kiss

Kelly prefers the kuddly kiss as they signify delightful generosity. They possess a wholeheartedness and are usually long and drawn out.

The Kiss Intoxicating.

Weaverling likes the intoxicating kiss because it creates a craving for at least one more. He says it is the only kind of intoxication that a fellow never gets filled up on.

The French Kiss

Abe says, "Give me one with a snap in it." It takes a lot of conscientious practice, but it proves well worth while. The French kiss is one of the latest styles among the fads of osculation.

The Bashful Kiss

Pete says a certain amount of bashfulness in a kiss gives it an added charm that cannot be found in any other type.

The Rose Petal Kiss

Uppie likes this kind because it's dainty and has much the same effect as the touch of a rose. Although of course the flower does not give the thrill.

The Co-Hesive Kiss

"Co-hesive; co-hi-sive, adj.: belonging to, exerting, or having the power of cohesion.

Skinny prefers the cohesive kiss because it possesses a strong drawing power. He says it is unique and pleasing.

A Court Romance

His arm stole around the well-formed shoulders of a soft, warm body. His head sank nearer the beautifully carved neck of his companion as they engaged in a struggle, their breath coming irregularly.

Then, "Double foul!" cried the referee, tossing the ball to the free-throw line.

"Dearest, I want you so bad."

"Impossible. I'm a good little girl."

"That girl is the most economical person I know."

"How come?"

"She pays \$2.00 for hose and displays \$1.98 of them."

"We think we are right,
But we may be wrong,
As we judge those girls
As they come along.

Let's place conclusions
Where they belong—
Are the skirts too short,
Or the legs too long?

Is bobbed hair ugly
Or just too new?
And eyebrows plucked
And lip sticks, too?

When you look at a dress
And see clear thru—
Is the dress immodest,
Or is it you?—*Ex.*

Long Distance Shooting Not in the Rifle Club

The night watchman was watching Mr. Wooster's class using the big telescope.
Just then a star fell.

"Begorra," he said to himself, "that guy sure is a crack shot."

Uppie (at the picture show behind a big picture hat): "See here, Miss, I want to look as well as you."

Voice (from under the hat): "Then you better run home and change your face."

Wrecked Motorist (phoning): "Send assistance at once. I've turned turtle."

Voice (from the other end): "My dear sir, this is a garage, what you want is an aquarium."

Ila sings quite prettily but her favorite song is "Falling Dew" and Vesta can't stand it. She says it reminds her too much of their rent.

"I want to buy a good easy chair for a friend."

Building Air Castles

¶ Every young man and woman, sometime in his or her life time, was a builder of Air Castles, and frequently this vocation stays with us through life. Building Air Castles is a great enjoyment—The one disappointing feature about them, is that they invariably crumble. The next Air Castle that you build, have it reinforced with a bank account.

¶ It works admirably. It strengthens them.

Let Us Help You Get Your Re-inforcement Ready

¶ Start a bank account today, or next pay day, add to it little by little, and the first thing you know you are ready to start building an

History—R. L. P.: "Did I not tell you to be prepared with your history lesson? And here you are unable to repeat a word of it."

Ward: "I didn't think it was necessary, sir. I've always heard that history repeats itself."

His Only Chance

"Do you know that you talk in your sleep?" she asked.

"Well, do you begrudge me of those few words, also?" he snapped back.

"How was Jonah punished?"

"He was whaled."

"How did he feel when the whale swallowed him?"

"Considerably down in the mouth."

"Is pants singular or plural?"

"Well, when men wear them its plural."

"And when men don't wear them—?"

"It's singular."

Pullman Conductor: "That couple in No. 10 are acting like a pair of fools."

Porter: "Yes, suh; dey am intoxicated with honeymoonshine."

She Would Take It Along

The precise but somewhat broken English of Madam Schumann-Heink is one of her charms. While in a western city she found herself in need of toilet powder. In her practical way she stepped into the drug store to buy it.

"Will you have it scented?" inquired the clerk.

"No, I will take it vid me," crisply replied the great singer.

"Mamma," said Sammy, "What does 'd—d' stand for?"

"Doctor of Divinity, my dear," said the mother.

"Well, this is a note I got: 'I'll make you suffer for this. I'll be doctor of divinity if I don't.'"

"Ma," said little Ethel sleepily at two o'clock on a cold morning, "I want a drink."

"Hush, darling," said her mother, "turn over and go to sleep."

"But I want a drink."

Silence for five minutes.

Then, "Ma, I want a drink."

"If you say another word, I'll get up and spank you."

"Ma, when you get up to spank me, will you get me a drink?"

"Freshie, why are you like the cedar trees on the campus?"

"I give it up; I can't tell you."

"Cause you stay green both summer and winter."

THE HOME WITH A BETTER ENVIRONMENT

¶Every parent wants to live in the best environment for his children and to give them the best educational advantages possible.

¶Hays is one of the leading educational centers of Kansas. Schools are the best influence for refinement. Many families are moving to Hays for its educational and social advantages.

¶The Bird Investment Company has opened a new addition to Hays—beautiful “Pershing Heights” and is constructing modern homes which you can buy on easy installments—pay by the month. Write us for our “Own Your Own Home” plans.

INCOME INVESTMENTS

¶You want to assure for yourself a steady income. You can do that by investing your money in First Mortgage Real Estate Bonds—the safest of all investments. Bonds are issued in denominations of \$100.00, \$250.00 and \$500.00. You may buy as many as you wish. You get 8% interest on these bonds payable to you monthly.

Start your money today to earn for you. Get our investment literature.

I fell for her in the book room,
 'Twas a stormy night outside;
 Oh, yes, of course, I took her home
 That evening from the Libe.
 She was black-eyed, dimpled and rosy;
 She had red lips, n'everything—
 That camouflage a jane.
 But the best thing about her,
 Better than all her good looks,
 She was plump, and warm, and filled my arms—
 Yes, filled my arms with books.

From “A Love Sonnet”—E. Fink.

Grandmother was trying to give her favorite grandson all the cake he could possibly eat for once.

Grandmother: “Johnnie, can you still swallow cake?”

Johnnie (in a weak voice): “No'm, but I can still chew.”

Riley: “As usual you are full of pep and vim. Where do you get it?”

Vesta: “At the filling station, Jack.”

A PAPER WITH A PURPOSE

¶ The Ellis County News believes in Kansas, Kansans, and Kansas Institutions. It's Reason for Existence is the hope to assist in a better and fuller development of that part of the State commonly designated as Western Kansas where the task of Pioneering has been most difficult.

¶ The News sets for itself the task of "carrying on" from where these high minded pioneers left off.

*Eat Ice Cream Every Day
Instead of a Special Treat*

¶ There is more nourishment in a pint of ice cream than an equal amount of almost any other kind of food.

¶ Instead of eating ice cream on Sundays only, or for special occasions, eat it every day. You love it on hot days. It tastes better than anything else. The fact that you crave it shows that you need it. Nature calls for the foods that we need. Ice cream is the very best food you can eat. It builds health and vigor.

BUILD DISTINCTIVE YEAR BOOKS

IDEAS that lift your annual above the average, are the results of painstaking thought, effort and experience

We conceive and develop ideas in designing and engraving for the definite purpose of enlivening your annual

EXPERIENCE, MASTER CRAFTSMANSHIP AND THE PERSONAL COOPERATION IN A BURGER CONTRACT do not add to the price you pay but they do add materially to your finished book
